

See "Individual Feedback Responses" tab for full feedback. This spreadsheet live updates with n

NPS	62
Scanned in participant count:	15
Total feedback responses count:	13

What is NPS?

How to read your feedback:

First, by running a Daydream, you did something hard and pulled it off.

Feedback breakdown:	<i>% of responses</i>	
Promoter count:	9	69%
Neutral count:	3	23%
Detractor count:	1	8%
Total responses:	13	

How NPS is calculated:

NPS = Promoter % - Detractor %. Scales from -100 to 100.

Sample NPS scores:

Daydream overall (all local event feedbacks combined as of night of Sep 28th): *NPS score of 63*

Shipwrecked: *NPS score of 75*

Scrapyard overall (all local event feedbacks combined): *NPS score of 61*

Hack Club High Seas: *NPS score of 72*

Counterspell overall (all local event feedbacks combined): *NPS score of 60*
